

REMARKS

A Notice to File Corrected Application Papers (Filing Date Granted) dated 5 April 2002 in the above captioned application identified certain informalities in the drawings. Applicant has corrected Fig. 5A to properly reference line B-B' and has corrected the caption of Fig. 5C, which was mislabeled. There is no missing Fig 5B. Applicant has elected to cancel Figs 6A-B, 7A-B, and 8A-B, which were in the form of color photographs, as the reproducible black and white copies that may be made therefrom are not legible.

Applicant believes the invention as now disclosed to be in condition for allowance and respectfully request such action.

Respectfully submitted,

LOUIS J. PANACCIONE, Applicant
